SECTION 1 - BID PROPOSAL

Bidders initials:_____

Date:	From: Charles Potter
Contractor Name:	Right-of-Way Tree Clearance Supervisor
Representative:	Greeneville Energy Authority
Address:	1200 Andrew Johnson Hwy.
	Greeneville, TN. 37745
Phone:	Phone: 423-636-6245

Subject: RFB for Herbicide Treatment along GEA Distribution circuits and Substation bareground treatment for (5) consecutive years 2024-2028 and (1) year Transmission line application for 2024

To: Any Bidding Contractor

BID PROPOSAL

1 . The Bid Proposal shall include the cost for the application of herbicide to GEA Right - of - Ways for Distribution, Transmission and ALL Substations bareground application.

2 . The GEA embraces proper Integrated Vegetation Management ("IVM") practices including Best Management Practices ("BMP") as recommended by the Utility Arborist Assocation ("UAA")

3 . Standard Application Areas:

3.1 The standard width of right-of-way shall be (30) feet on all single phase lines and three phase lines and (100) feet transmission lines.

3.2 Pole yards and substations. All graveled area, inside and outside of fences, are to be treated on the supplied list with estimated square footage. Also, any "switching" equipment in grassed areas will need a narrow band treated to keep weeds and grass away from GEA equipment. List Included. Page (13).

4 . The Bid Proposal shall also include all equipment, labor, herbicide and permits to complete the herbicide application on each circuit.

5 . The Bid Proposal shall include a Per Mile Bid to each prospective circuit the Contractor chooses to bid.

6 . This is a turnkey herbicide application Bid Proposal; please include your Time and Material Rates to secure permission from GEA customers and property owners.

7 . The Awarded Contractor of the herbicide application contract will receive payment when the herbicide application for the selected distribution circuits, transmission circuits and Substation bareground are complete in there entirety for the annual cycle.

8 . The GEA reserves the right to accept or refuse any and all Bids.

SECTION 1 - BID PROPOSAL
CONTINUED

9 . The GEA will award Contracts based on a per mile bid for (5) consectutive years.

10 . Each Bid Proposal must be accompanied with the following criteria:
A. Certificate of Insurance
B. State Contractors License or LLC
C. Pest Control Charter Number / Charter Category Classification
D. Contractors Applicator ID Number / Category Classification

11 . All Bids shall be submitted in a sealed envelope, endorsed on the outside with The Bid Contractor Cover Sheet, provided on page (17) of The Bid Proposal.

12 . All Bid Proposals must be received by the GEA on May 08, 2024 by 5:00 pm.

13 . All Bid Proposals will be opened publicly on May 09, 2024 at 9:00 am.

14 . Each Bidder shall adhere to and comply with the Tennessee Department of Agriculture Regulations, Governing the use of Restricted Use Pesticides and Non - Restricted Use Pesticides.

15 . Each Bidder shall inform themselves and initial each page of The Bid Proposal.

16 . Each Bidder must return the original Bid Proposal Signed, initialed, and completely filled out, to the GEA.

17 . Contractor shall use certified applicators and the prefered application method is a low-volume backpack, hack and squirt that selectively targets undesirable woody species.

18 . Contractor shall use branded products. Prefered products as requested by GEA

19 . Contractor shall use products of low toxicity to honeybees and any application near water shall be an aquatic herbicide.

20 . Contractor shall verify every employee and provide documentation with current work status for every employee to the GEA.

21 . Contractor shall comply with requirements to all NPDES or Clean Water Act regulations and laws.

22 . Contractor shall indemnify and hold harmless the GEA and its representatives from Contractors wrongful acts of negligence or failure to comply with state, federal and local laws.

SECTION 1 - BID PROPOSAL
CONTINUED

23 . Contractor shall provide a Performance and Payment Bond in the amount of the bid price to GEA for every project / circuit that exceeds ten thousand dollars ($10,000.00). Contracts less than ten thousand dollars ($10,000.00) shall not require the Performance and Payment Bond. Contractors bidding on multiple circuits shall provide individual Performance and Payment Bonds for each circuit bid. Every Performance and Payment Bond shall be in force until the satisfactory completion of the work and or / until the Contract period expires for the contracted work.

24 . Contractor shall provide a Bid Bond in the amount of (10%) of the total bid to the GEA for surety of the work. Accumulative Bids that total less than ($10,000.00) shall be exempt from this requirement. Contractors bidding on multiple circuits shall provide an individual Bid Bond for each project / circuit.

25 . The following securities or cash may be substituted at the percentage rate required for bond; they are:

26 . United States Treasury Bonds, United States Treasury Notes, United States Treasury Bills.

27 . General obligation bonds of the State of Tennessee.

28 . Certificates of deposit or other deposits irrevocably pledged from a state or national bank having its principal office in State of Tennessee or a State or Federal Savings and Loan Association having its principal office in the State of Tennessee.

29 . A letter of credit from a State or National Bank having its principal office and / or reliable branches in the State of Tennessee. The terms and conditions of any letter of credit shall be accompanied by an authorization of the Contractor to deliver funds to the bank issuing the letter.

30 . Cash; cash to be deposited into a non - interest bearing account for the entire Contract period.

RETURNABLE / REFILLABLE CONTAINER AND PRODUCT TRACKING SPECIFICATIONS.

31 . Contractor shall use a Greeneville Energy Authority approved returnable / refillable container and product tracking system that includes the following:

32 . Returnable / Refillable (RR) Container System Specifications.

33 . Supply containers used on GEA's system shall be (15) gallon returnable, refillable, and reused.

34 . Each RR container label (s) identifying the blended product shall be affixed to the container (in accordance with EPA regulations) and shall include mixing instructions.

35 . Each container must be uniform in size, equipped with a tamper evident seal and one-way Micromatic valve designed and constructed to allow unrestricted flow in one direction and not flow in the opposite direction, thus allowing the extraction of material, but not the introduction of new material into the container.

36 . A permanent number and bar code shall be affixed to the container to provide container tracking data.

37 . Closed connections at the transfer points between supply containers, mix tanks and application equiptment.

38 . All mixtures and prices are listed on the "approved herbicide formulation" mix sheet page (14) CONTRACTOR shall purchase chemical mixes (including drift control agents, colorants and other adjuvents) from GEA approved Distributor. GEA will have final approval of all products used, as well as all custom blends and concentrations used.

Approved Distributor - Nutrien Ag. Solutions

39 . Containers will be delivered on a returnable plastic pallet with a securable lid.

40 . Contractor will place bar code identification number on daily spray report to identify product to a specific location.

41 . Contractor will be responsible for returning empty containers in a timely manner to account for product usage.

42 . Contractor is required to supply a sample of the custom blend or concentrate that was applied to a specific location if requested by the Greeneville Energy Authority.

Bidders initials:_____

SECTION 1 - BID PROPOSAL
CONTINUED

43 . **SYSTEM USAGE WILL MAKE THE FOLLOWING INFORMATION AVAILABLE TO APPROVED GREENEVILLE ENERGY AUTHORITY PERSONNEL VIA A SECURE PASSWORD PROTECTED WEBSITE.**

44 . Ability to import drum identification number to identify container contents and history.

45 . Tracking system shall provide information on all products and purchases provided by the Contractor to be used on The Greeneville Energy Authority property.

46 . Ability to show all unreturned drums at a specific ship to location to account for product usage.

47 . System shall have the ability to show product usage down to the application crew level.

48 . **THE ABOVE REQUIREMENTS ARE FOR CUSTOM BLENDS AND CONCENTRATES WHERE APPLICABLE, AND WILL BE DETERMINED BY THE GREENEVILLE ENERGY AUTHORITY PERSONNEL.**

HERBICIDE APPLICATION

49 . All applications must follow all Federal, State, Local and label requirements

50 . No herbicide will be applied in, over or near water.

51 . Drift control; shall be added for all application methods other than Basal Bark, Cut Surface or Ultra Low Volume applications.

APPLICATION SCHEDULES

52 . All work is to be preformed with an agreed upon schedule.

53 . Work is to begin at the substation and work out from there unless approved by GEA

54 . GEA expects application to begin on **ALL Substations** before the development of new growth for the season.

55 . Right-of- Way application crews are to be available the first week of June unless communicated with GEA.

CUSTOMER NOTIFICATION

56 . Contractor must carry and display identification

57 . A copy of all permission/notifications must be provided electronically to GEA weekly.

58 . On application sites where members occupy, notification will be communicated with them of entry and exiting of property.

59 . All refusals are to be communicated to GEA on a written "refusal log" within 48hrs.

Equipment and Special Technolgy

60 . All General Foremen are required to submit daily locations to the GEA Utility Foresters via group text.

61 . All Contractor equipment and personel are required to carry and display identification.

Technical Support Services

62 . CONTRACTOR shall use the hardware and software provided by the Distributor for Closed Chain of Custody, Notification, Herbicide work and data collection, as specified by GEA.

63 . CONTRACTOR should use the hardware and software provided by Distributor for Daily Cemical Reports.

APP SUITE

64 . CONTRACTOR REPRESENTATIVE will agree to only use the supplied device on the GEA's system for daily work activities.

65 . CONTRACTOR agrees to participate in all required training for the device software and hardware.

66 . **R.O.W FORMULA**

Reference: Mix Sheet Page (14)

1. DISTRIBUTION

2. TRANSMISSION

3. BAREGROUND

BAREGROUND FORMULAS ARE TO BE EQUIVALENT EACH YEAR WITH THE CURRENT MIX.

AWARDED CONTRACTOR ADDITIONAL REQUIREMENTS

67 . Contractor shall monitor herbicide application results for every individual circuit. This includes inspecting, tracking, reporting and a written summary with your recommendations for future powerline right-of-way vegetation control methods for every circuit that qualifies for a herbicide application for the proposed (5) year cycle.

68 . Apply resulting data to every circuit map where herbicide is applied within the powerline right-of-way.

69 . Supply digital records to the Greeneville Energy Authority.

70 . Indentify any endangered species encountered within the powerline right-of-way, or near the target area.

71 . List control measures for any endangered species encountered during herbicide application.

72 . This is an annual occurrence that shall be accomplished at peak season and no later than the end of the summer season.

SECTION 2 - CONTRACT AGREEMENT

HERBICIDE APPLICATORS GENERAL CONTRACT AGREEMENT
FOR TREATMENT OF DISTRIBUTION LINE RIGHT - OF - WAYS

1 . This CONTRACT AGREEMENT made this_____day of_____, 2024, between The GREENEVILLE ENERGY AUTHORITY a Municipal Electric Utility in the State of Tennessee, party of the first part, hereinafter called the Owner and the (CONTRACTOR) a _____ (State) Corporation, having its principal offices located at _____ _____ (Location) and registered to do business in the State of Tennessee, party of the second part, hereinafter called "CONTRACTOR". This Contract Agreement may not be modified nor amended except by written instrument executed on behalf of each party by an officer or duly appointed representative.

WITNESSETH, that for and in consideration of the covenants and agreements hereinafter mentioned, to be performed by the Parties hereto, and the payment hereinafter agreed to be made, it is mutually agreed as follows:

2 . This CONTRACT AGREEMENT shall terminate October 31st, 2028.

3 . The following EXHIBITS are agreed upon in entirety and shall be made part of this CONTRACT AGREEMENT, EXHIBITS A, B AND C.

4 . Owner elects its Right - of - Way representatives, who shall have authority to review and evaluate CONTRACTOR'S performance of work hereunder, and approve alterations in plans or specifications, and who shall cooperate with CONTRACTOR to the end that the greatest economy and speed consistent with good workmanship may be attained, and to whom all communications from CONTRACTOR shall receive all requests for changes and other communications made on behalf of OWNER.

5 . CONTRACTOR agrees to furnish all supervision, labor, tools, transportation, equipment and materials necessary to apply herbicide, growth retardants and other chemical treatments to trees, brush and other vegetation growing on OWNER'S Right - of - Way for its overhead energized power lines, as directed by the OWNER or OWNER'S Representative. Contractor shall perform the required work basis in the most efficient and productive manner possible, in compliance with all applicable specifications for the completion of said work. This includes, but is not limited to, safety, work quality, debris disposal and public relation specifications as set forth by the OWNER or OWNER'S Representative.

Greeneville Energy Authority
1200 West Andrew Johnson Hwy. Greeneville, TN 37745
423-636-6200

SECTION 2 - CONTRACT AGREEMENT CONTINUED

HERBICIDE APPLICATORS GENERAL CONTRACT AGREEMENT
FOR TREATMENT OF DISTRIBUTION LINE RIGHT - OF - WAYS
CONTINUED

6 . CONTRACTOR agrees to complete the project in the time frame specified by the OWNER.

7 . CONTRACTOR agrees to perform all work to the complete satisfaction of the OWNER or OWNER'S Representative and in accordance with all federal, municipal, county, state and other local laws and regulations applicable to said work. CONTRACTOR shall obtain and pay for all licenses and permits required for the work to be performed. All work shall be performed in accordance with standard practices established for such work and in accordance with the OWNER'S Specifications, as may be applicable and which are hereby a part of this CONTRACT AGREEMENT.

8 . The CONTRACTOR shall comply with all local, state or federal regulations applicable to the work performed hereunder, including, but not limited, E.P.A., E.P.D., D.O.T. or other regulation. All applications of chemicals hereunder shall be made in accordance with the manufacturer's application instructions listed on the PESTICIDE LABEL, including the S.D.S.

9 . It is understood that the CONTRACTOR does not represent the OWNER nor OWNER'S Representative for any payment or benefit of any kind to any person.

10 . It is the CONTRACTOR'S responsibility to comply with all Federal, State and Local D.O.T. regulations for traffic control and pedestrian protection.

11 . This CONTRACT AGREEMENT is not intended to constitute an agreement of hiring under the provisions of any worker's compensation or unemployment compensation law, nor any old age benefit law, nor similar law and it shall be so construed. CONTRACTOR agrees to accept full and exclusive liability for the payment of contributions or taxes imposed under such laws by Federal and / or State Government, which are measured by remuneration paid to CONTRACTOR'S employees.

12 . OWNER and OWNER Representative's role in its relationship with the CONTRACTOR is to ensure that the work quality is in accord with the terms and Conditions of the CONTRACT AGREEMENT and is performed according to specification. CONTRACTOR'S are independent companies and as such are responsible for their actions and deeds. CONTRACTOR shall have sole responsibility for safe work practices, procedures and the determination of safe working conditions for its employees. CONTRACTOR shall ensure that all its employees use personal protective equipment as required by the PESTICIDE PRODUCT LABEL for any chemical being used, either in application, storage, handling, transportation or mixing.

13 . This CONTRACT AGREEMENT shall be binding upon the parties hereto and their heirs, executors, administrators and assigns. CONTRACTOR shall not assign any of its rights or duties under this CONTRACT AGREEMENT, or sub-contract the whole or any part of the work to be performed hereunder, without first having obtained the written consent of the OWNER authorizing such assignment of the CONTRACT. This includes any purported assignment of this CONTRACT AGREEMENT without OWNER'S consent.

14 . All parties must agree upon any changes to this CONTRACT AGREEMENT or the work described herein in writing.

15 . This CONTRACT AGREEMENT shall continue to remain in force for the duration of the specified CONTRACT period. Either party upon (30) days written notice to the other may terminate this CONTRACT AGREEMENT.

16 . Should the CONTRACTOR fail to carry out the work to the satisfaction of the OWNER or OWNER Representative, or comply with any of the provisions of this CONTRACT AGREEMENT, the OWNER may terminate this CONTRACT AGREEMENT upon (24) hours written notice to the CONTRACTOR.

17 . OWNER reserves the right to cancel this CONTRACT AGREEMENT completely or reduce / increase the amount of work described in this CONTRACT AGREEMENT. Notice for the reduction of workload or cancellation of this CONTRACT AGREEMENT will be in writing with a (30) day notice given to the CONTRACTOR.

SECTION 2 - CONTRACT AGREEMENT CONTINUED

HERBICIDE APPLICATORS GENERAL CONTRACT AGREEMENT
FOR TREATMENT OF DISTRIBUTION LINE RIGHT - OF - WAYS

18 . The CONTRACTOR'S use of chemicals shall be in strict compliance with all Federal and State Laws, rules and regulations which govern the use of chemicals, including but not limited to the Tennessee Hazardous Chemical Right to Know Act (T.C.A. Section 50-3-2001, et seq.) The Tennessee Hazardous Substance Act (T.C.A. Section 68-27-101, et seq.), The Tennessee Application of Pesticides Act of 1978 (T.C.A. Section 62-21-101, et seq.), and The Federal Hazard Communications Standard (29 CFR 1910.1200). By undertaking to perform any part of the work in which chemicals are used, the CONTRACTOR certifies that their familiar with, has complied with the requirements. This includes requirements related to the training and certification of those individuals with the responsibility of applying chemicals on the OWNER'S Right - of - Ways, Structures and Facilities. CONTRACTOR shall comply with the posting of required notices to their employees and all that applies, under all foregoing laws, rules and regulations. In case any action in court is brought against the OWNER or any OWNER Representative for the failure, omission, or neglect of the CONTRACTOR to perform any covenants, acts, matters or things by the CONTRACT AGREEMENT undertaken; CONTRACTOR will INDEMNIFY and save harmless the OWNER and any OWNER Representative from and against any liability, injury claims, expenses, costs, attorney fees, judgments, demands or damage arising or resulting from the CONTRACTOR'S non - compliance, negligence with, or violation of any foregoing laws, rules or regulations. The CONTRACTOR is required to have in their possession, copies of the pesticide label's of all chemicals being used along with copies of the Manufacturer's Safety Data Sheets.

19 . CONTRACTOR may not assign the CONTRACT AGREEMENT without written consent of the OWNER. Any attempt to assign the CONTRACT AGREEMENT without consent of the OWNER shall be void.

20 . Any notice required hereunder or any notice shall be deemed given when deposited in the U.S. Mail, Certified Mail with adequate postage affixed thereto the address contained in this CONTRACT AGREEMENT.

Greeneville Energy Authority

SECTION 2 - CONTRACT AGREEMENT CONTINUED

HERBICIDE APPLICATORS GENERAL CONTRACT AGREEMENT
FOR TREATMENT OF DISTRIBUTION LINE RIGHT - OF - WAYS
EXHIBIT A

21 . CONTRACTOR shall be provided work maps of areas to be sprayed. Where possible, CONTRACTOR will work out from substation and will finish work in accordance with specifications on a given circuit before starting work on another circuit. CONTRACTOR shall keep maps and records current during progress of work by marking all completed areas, as well as areas that have brush but could not be treated. Upon completion of all work located on a map, the CONTRACTOR shall promptly return maps to the OWNER.

22 . The CONTRACTOR shall maintain a daily log of pesticide applications along OWNER Right - of - Ways. CONTRACTOR shall make copies of their pesticide application and submit those to the OWNER Representative when work is complete. If the CONTRACTOR fails to provide OWNER with copies of the pesticide application areas, the OWNER will revoke and suspend CONTRACTOR'S future bidding privileges for CONTRACT work. The Commercial Applicator TN. Pesticide Recordkeeping Form # 805 can be acquired by submitting your request to:
The University of Tennessee, Pesticide Safety Education Program
2505 E.J. Chapman Drive
Knoxville, TN. 37996 - 4560
psep@uth.edu

23 . CONTRACTOR shall advise OWNER, daily of crew locations and anytime work stops prior to established quitting time.

24 . CONTRACTOR shall leave work sites in a clean and orderly condition.

25 . All applications are to be selective. That is, only those species capable of growing into conductors shall be treated along with vines that may grow on poles or guys.

26 . Application shall be full corridor width. That is (30') ft. for distribution lines and (100') ft. for transmission lines, where applicable.

27 . The approved herbicide application methods include both high and low volume foliar. It is the CONTRACTOR'S responsibility to employ the appropriate method of application for desired results without compromising the integrity of the landscape, or damage to desirable vegetation, while maintaining best management practices in fulfilling the CONTRACT AGREEMENT.

Greeneville Energy Authority
1200 West Andrew Johnson Hwy. Greeneville, TN 37745

SECTION 2 - CONTRACT AGREEMENT CONTINUED

HERBICIDE APPLICATORS GENERAL CONTRACT AGREEMENT
FOR TREATMENT OF DISTRIBUTION LINE RIGHT - OF - WAYS
EXHIBIT A ---- CONTINUED

28 . The approved tank mixtures and combinations are referenced: Section 1 page (14)

29 . The CONTRACTOR shall accommodate OWNER with alternate mixtures upon request.

30 . All tank mixtures shall be mixed in accordance with Pesticide Label Instructions for the application method that is selected and shall include all adjuvants.

31 . Herbicide will be applied only in weather conditions approved by the Pesticide Label for the product being applied.

32 . Do not treat wild cherry when it is in leaf because the ingested wilting foliage may be poisonous to livestock.

33 . All applications shall be sensitive to environmental and aesthetic requirements, together with the adjacent land use of the site, sensitive crops, nearby residences, bodies of water, etc. Changing methods of application and or herbicide mix may be required to meet the variety of conditions encountered. This shall be the responsibility of the CONTRACTOR.

34 . When foliar spraying, buffer zones shall be observed in appropriate instances to avoid non - target damage caused by drift, volatility, or other unplanned herbicide movement, except that spraying may be performed near water using herbicides specifically labeled for use in aquatic areas. Where laws, regulations, product label etc. , define the presence and extent of buffer zones, these definitions must be followed to the extent stipulated. However, they cannot reduce buffer distances to a point less than those outlined on page (8). These distance restrictions are minimums required by the OWNER and may be increased where specific laws, regulations and product label require greater distance.

37 . A (95%) control level must be achieved. If the required level of control is not achieved one growing season following application, CONTRACTOR must retreat the areas in question at their expense. This includes labor, labor overheads, equipment and materials. For the purpose of determining percent control, the base unit of measure shall be a span. Any span where (95%) control is not obtained, re-treatment shall be required.

38 . Only herbicides and methods approved by the Department of Transportation shall be used on Right - of - Ways controlled by the Department of Transportation.

39 . CONTRACTOR shall provide a secure storage area for herbicide products. This storage facility shall comply with all Local, State and Federal Regulatory Requirements. The price of this facility is the sole responsibility of the CONTRACTOR.

40 . The herbicide application may begin on or about the month of August every year and all work must be completed by the last day of October the same year.

41 . CONTRACTOR is responsible for supervising and training their crews in an efficient manner on how to perform herbicide application in accordance with the CONTRACT AGREEMENT. CONTRACTOR'S supervisor's are required to do the following:

A. Supervise and regularly check their crews to assure that the work is being completed productively, in an environmentally sound and in accordance with the LABEL of the herbicide products being used.

B. Dispatch work crews and inform OWNER of their progress.

C. Update maps used to indicate work done and areas completed weekly.

D. Instruct and train their crews in the proper implementation of the OWNER'S scope of work.

E. Assure that all equipment, materials and supplies are available and in good working condition.

42 . CONTRACTOR shall provide at their expense cellular phones or pagers for all supervisors to facilitate rapid and effective communication between OWNER and OWNER Representative's.

43 . CONTRACTOR shall coordinate all herbicide work to OWNER'S satisfaction and keep OWNER informed on daily locations.

44 . **REPORTING**

44 .1 . CONTRACTOR shall provide to OWNER, on a weekly basis, a report containing the following information.

A. Circuit working on.
B. Mixed gallons applied that week, by circuit.
C. The number of spans treated by circuit.
D. What percentage of circuit has been completed this week and the total percentage of the circuit completed.

44.2 . CONTRACTOR shall also maintain a daily log of the weather conditions by work site and shall maintain such records required by Local, State and Federal Agencies.

45 . **PAYMENTS**

45 .1. The OWNER will submit payment to the CONTRACTOR after work is completed and within a reasonable time after work has been inspected, approved and accepted by the OWNER.

45 .2. The OWNER will make a lump sum payment to the CONTRACTOR based on awarded circuits to CONTRACTOR. All hourly rates should be billed weekly by the CONTRACTOR and payments made to the CONTRACTOR will be processed and expedited monthly by the OWNER.

51 . **OPERATING TERMS AND CONDITIONS**

51 .1. CONTRACTOR agrees to install and maintain the necessary warning signs and protective devices at locations where work is being performed to prevent accidents to the public or damage to the property and protect personnel of the OWNER or the general public. At all times, CONTRACTOR shall adhere to all applicable D.O.T. safety regulations including, but not limited to, local, county, state and federal regulations.

51 . 2. CONTRACTOR agrees that its personnel and equipment shall at all times present a neat appearance and all work shall be done and all complaints resolved by CONTRACTOR to the satisfaction of the OWNER with due regard for the OWNERS public relations.

51 . 3. The CONTRACTOR shall provide a decal for each truck assigned to work on the OWNERS electric system that states " Approved Contractor for Greeneville Light and Power System ", including crew trucks, support vehicles, supervisor trucks and etc.

51 . 4. CONTRACTOR agrees that complaints of any nature received from property owner, agents, or public authorities shall receive immediate attention and all efforts shall be made for a prompt adjustment. All complaints and any action taken by the CONTRACTOR in connection with such complaints, shall promptly be reported to the OWNER or OWNER REPRESENTATIVE.

51 . 5. CONTRACTOR agrees to secure from the OWNER or OWNER REPRESENTATIVE information as to the nature of the circuits involved before work is commenced. It is understood by and between the parties that the electric circuits of the OWNER are to continue in normal operation during this work. CONTRACTOR shall take all necessary precautions to guard against interfering with the normal operation of any circuits.
